## SEABREEZE and DAYTONA BEACH

Seabreeze, Sept. 11.—Work of shelling Pinewood avenue has been stopped on account of low tides, the barges not being able to land at the dock. The southwest winds which occasion the low tides are unusual at this season of the year. A strong northeaster would end this vexing delay in street building. Let us petition the weather clerk for a change of wind.

The deal has been closed between Mrs. Davenport and George Farrell, whereby Mrs. Farrell acquires title to the Trumbower property on the river front. It is understood that Mr. Farrell will make considerable improvement on the property this winter.

Mr. and Mrs. T. F. Williams and children returned last Saturday from an extended trip north. They visited New York City, spent some time in the Catskills, back to New York and thence by Fall River Line to Boston, reaching home five weeks to the day from the time they started, much invigorated by the change.

Another girl baby arrived in Holly Hill Wednesday evening at the home of Mr. and Mrs. R. A. Hardin. They are particularly pleased with the girl's selection of a girl, as all their other children are boys.

The Social Sing held the first meeting of the season at the home of Mr. and Mrs. C. F. Wetherell Sunday evening. They will meet again at the same place next Sunday evening.

## A Well Kept Place.

The grounds surrounding the elegant home of Geo. F. Sebring on South Ridgewood avenue show the care of a master hand. When Mr. Sebring left here for his home at Sebring, Ohio, in the spring, the lawn was nothing but sand, and a very few potted plants, not to exceed half a dozen, were scattered about.

W. W. Ledwith, who has charge of the place, has the lawn covered with a beautiful carpet of green, both inside and outside the yard, and has nearly two hundred beautiful potted plants surrounding the house. He has transplanted the sand lot into a thing of beauty and is justly proud of his work. Besides this place Mr. Ledwith has charge of three other places on Ridgewood avenue, but the Sebring place is his special pride, and shows the greatest improvement in appearance.

R. C. M. Sheppard, the new principal of the Kingston school, was here last week looking for a house to rent. He will return with Mrs. Sheppard early next week.

## Ormond.

Ormond, Sept. 11.—Our community was greatly shocked Friday to hear of the death of Mrs. Adela Maxon. She went to St. Augustine, accompanied by her daughter, Miss Pearl, for treatment at the hospital. She was treated there earlier in the season by Dr. Worley and seemed to be getting along nicely. She came home, only remaining a few weeks, when she grew ill again so rapidly that she was obliged to return. Mrs. Maxon was a great worker in the church, in the Village Improvement Association, in fact, was one that was always ready and willing to take up the burden when needed, a friend in sickness, a dutiful daughter, a loving mother, and one that will be greatly missed by all her near and dear friends in Ormond as well as Daytona, where she was well known.

Rev. H. B. Gibbons, of Daytona, officiated at the funeral Saturday afternoon. His eulogy and prayer were very touching, as well as comforting not only to the aged mother and daughter, but to all the friends present. Nearer My God to Thee and Asleep in Jesus were beautifully rendered.

Alfred Groover, who has been living with his daughter, Mrs. Wm. Bennett, passed away on Tuesday. The old gentleman has lived for many years at the Tomoka settlement, where his remains were taken for burial on Wednesday. He was 81 years of age.

C. A. Carlson is putting a sea wall in front of Chameleon Lodge, the residence of Mrs. Isabel Simpson, of Lynn, Mass. Frank Colby and wife were in Daytona on business Tuesday.

## Gave Away Hats.

L. G. Lyman, the North Ridgewood avenue merchant, was fitting out every man who visited his store Thursday with a derby hat, gratis. Nearly every man met in that locality was sporting a new derby of some description and there were all styles, sizes and colors among the lot. Mr. Lyman found himself overstocked with head-gear of this kind and generously dealt them out to his friends and patrons to relieve the situation. If you want a derby call on him, he may have your size left.

## Will Play Winter Ball.

The Record has received a suggestion from John Anderson, of the firm of Anderson & Price, managers of the Hotel Ormond, put the effect that St. Augustine put a baseball team in the field for winter and that other cities on the East Coast do the same, forming a league. He suggests that the hotels support the team and give their guests some interesting sport. He believes that St. Augustine, Daytona, Ormond, Palm Beach and Miami hotels join the league and that games be played daily at these points, rotating in succession. Jacksonville he believes will have no difficulty in adding a team to the league if it is formed. The idea is a good one and the hotel people may grasp and act upon it. St. Augustine Record.

J. N. Roberts has resigned his position as sanitary officer and departed Thursday for Palm Beach, where he has accepted a position as section foreman on the F. E. C. Ry. M. H. Zuber succeeds Mr. Roberts as sanitary inspector.

A son was born to Mr. and Mrs. H. H. Brittle Wednesday morning at their home on West Magnolia avenue, but, though a fine large baby, lived only a brief time. The little body was interred in Pinewood Cemetery. Mrs. Brittle is doing nicely.

## Married at Cocoa.

T. Groten Ronald and Miss Maude Hardee were united in marriage at Cocoa, Tuesday, Sept. 10th, and passed through this city Tuesday afternoon enroute northward on their wedding trip. Mr. Ronald is well known here, being a son of Mr. and Mrs. Wm. A. Ronald, of Daytona Beach, and Miss Hardee is a charming young lady of Cocoa, where her parents have resided for many years.

## Arrested on Murder Charge.

Taylor Dunn, colored, wanted in Levy County for murder, was arrested in Midway Sunday night by Gad Taylor, the colored police officer, assisted by Wm. Green, also colored, and lodged in the City Jail until Monday afternoon, when Deputy Sheriff E. L. Smith took him to DeLand to await the arrival of Sheriff Walker of Levy County, whom Mr. Smith had wired of the arrest. Dunn had killed Jesse Jackson, at Williston, Levy County, but until now had avoided arrest.

## Atlantic Block is Safe.

The owners of the Atlantic Block, in which the Opera House is situated, wish in the most emphatic manner to contradict the rumor that the Opera House is unsafe or has been condemned. There is not in the city any other frame building so strongly built. As a business proposition it has not paid and for this reason alone its use as an Opera House has been discontinued. It can be rented for any other purpose.

## Clean Up.

The opening of the tourist season is only about a month away. Wouldn't it be a good plan for property owners as well as the city authorities to inaugurate a general cleaning up crusade? Quite a number of the vacant lots and some of the streets around town are grown up to unsightly weeds, which should be mowed and burned. The natural beauty of Daytona should not be marred by these unsightly spots. Clean up all along the line before our visitors commence to arrive.

## Off For Allenhurst.

The Rochester, which Com. J. H. Allen has transformed into a power boat, to be used in transporting material and supplies to Allenhurst, on Indian River, Haulover, left for that place Friday with Com. Allen, G. W. Westerfield, August Achelster and several colored men aboard and a quantity of material for use in repairing the Commodore's house there. The party will make their home on the boat until the house is made habitable and then Mr. Westerfield will be joined by his family, who are now living on South Ridgewood.

The boat is quite roomy and comfortable and Com. Allen has fitted himself a nice office in the pilot house, which he will use as headquarters for the present. He is well pleased with the speed developed by the Rochester, which he places at nine miles per hour. When being used to transport material the cabin will be removed and she will act as a barge, but later on she will be nicely fitted up and put in shape for transporting passengers and supplies to and from Allenhurst.
